

Solid Symposium 2023 Nuremberg

Session “Potentials and Challenges”

Dr. Jan Hofmann

Session „Potentials and Challenges“

Timetable. It depends... 😊

09:00 – 10:00	Sebastian Bader (SAP)	Gaia-X, Data Spaces, and the Asset Administration Shell: Potentials and limitations of the Solid approach
10:00 – 10:30	Sascha Meckler (FhG IIS)	Solid for Dataspaces
Coffee break		
11:00 – 11:15	Daniel Henselmann (FhG IIS)	Potential & Challenges with Solid in Industry Use Cases - Discussion Topics from the Solid Taskforce (Fraunhofer IIS & FAU TI)
11:15 – 11:45	Daniel Schraudner, Sebastian Schmid (FAU TI)	Potentials and Challenges in a Data Fiduciary Solid Use Case
11:45 – 12:05	Marco Hauff (FhG IIS)	Towards a Framework for Trustworthy Access Control in Decentralized Data Storage with Solid
12:05 – 12:30	Regis Verschueren (digita.ai)	Enabling people & organizations to share data without concerns

Lunch

12:30 at Brasserie Nitz
